**April-June 2017 Consumer and Family
 Satisfaction and Outcomes Survey Findings**

July 2017

BACKGROUND

The Office of Mental Health and Substance Abuse Services (OMHSAS) of the Pennsylvania Department of Human Services requires counties to assess member satisfaction with, and outcomes of, publicly funded behavioral health services provided through participating providers of PerformCare. A total of 154 adults, adolescents and parent/family caregivers participated in the survey process during April– June 2017.

RATING TREATMENT SUCCESS

Adolescents between 14 and 20 years of age were asked how they had improved as a direct result of the behavioral health services they received. Percentages below represent those respondents who “*strongly agreed*” or “*agreed*” with the following statements: They were also asked their opinion regarding the treatment they received from their provider. N=10

100%	I am satisfied with amount of provider time.
100%	These services meet my needs.
90%	Staff see me as an equal partner in my treatment .
100%	I feel comfortable asking questions.
90%	I am included in treatment meetings.
60%	I have a written safety/wellness/crisis plan
100%	I am receiving all the services I needs
80%	I know how to file a complaint, if necessary.
90%	Staff focuses on my strengths.
90%	Encouraged to participate in consumer –run programs.
70%	I manage strong feelings like anger better.
80%	I make better choices.
70%	I don't get into trouble as often.
80%	I believe treatment is working.
29%	Provider recommended doing a WRAP.

RATING SATISFACTION WITH SERVICES

Adult and parent/family caregivers were asked to rate their overall satisfaction with the behavioral health services they received for themselves or their child. Percentages below represent those respondents who “*strongly agreed*” or “*agreed*” with the following statements. The questions covered the member’s perception of treatment, outcomes, treatment by the provider and staff of PerformCare. The parent/family caregivers interviewed responded on behalf of their child under 14 years of age. The table below shows survey findings, where percentages represent respondents who “*strongly agreed*” or “*agreed*” with each item, using a 5– point scale.
